

VILLAGE OF STILLWATER WATER SERVICE APPLICATION

Process and Conditions of Application

1. Review up-to-date Water Fee schedule located on Village Website.
2. Fill out permit application at Village Hall.
3. Follow instructions on application
NOTE: This form must be submitted at least 20 days prior to actual connection to water.
4. Service charges will apply from the date of connection.
5. Where all details have not been provided, this form will be returned to the applicant.
6. It is the responsibility of the applicant to ensure that the service is required **before** making payment. If the applicant withdraws the application and the service is connected, no refund will apply. If a refund is requested and the service has not been connected, an administration charge of 25% of the original fee, to a maximum of \$100.00, will be deducted from the refund amount to cover costs.
7. **A service fee of \$1,500.00 per Equivalent Dwelling Unit (EDU) or any updated current rates** (Typical Residential Connection) must be paid along with application submission. Additional fees may be required for larger connections and/or extraordinary situations. (outside of Village- See Town of Stillwater for additional fees to include meter, etc)
8. The Owner and/or the Owner's contractor are responsible for excavation, backfill and exposure of existing water line and for coordination of work with Department staff. The Owner is also responsible for providing any copper/hdpe piping required to complete the work. The Village staff/or owner's contractor, will tap the existing main (up to 1"), and provide a corporation stop. The Owner is responsible for all water service extensions from the corp stop to the building. Owner is required to allow for the department staff to visually inspect the service extension to the building prior to backfill.
9. All service lines require pressure testing by the Owner's Contractor prior to service. Pressure testing shall be at 150 psi for 2 hours. The Owner is responsible for coordinating test with Department staff and shall provide staff an opportunity to observe the pressure testing of the line.
10. A condition of connection is that there is unrestricted access for installation of the service, the reading of the meter, maintenance and other authorized purposes. A relocation/reinspection fee may apply if access is not available.
11. A site plan and list of proposed materials is required along with the name of any contractors involved in completing the work. Proof of insurance shall be submitted. For water applications that serve more than two EDUs, an engineer's certification is required for water service sizing.
12. Schedule of Fees:
 - Water Tap 1" \$ 1,500.00
 - Two inch: \$ 1,500.00 plus cost of materials
 - New Meter \$ 300.00 (Within Village Limits only-Residential. Commercial rates – TBD)

¾" Replacement Meter with outside reader: \$300.00
